The United States of America ys.

Alexandria, 17th September, 1887.

No Arrest Made .- On Thursday night there was a colored Masonic celebration in this city and a barquet was given in honor of the occasion. That evening a colored man, whose honesty is not above suspicion, went to Capt. Webster of the police force, and said: "Capt. Webster, these nigger Masons are going to have a 'bankrupt' here to-night and my heg is gone and I know they are going to have it on the table." Capt. Webster asked the man if he could identify the hog and was told that he could, "by his foot," whereupon the man produced a hog's foot and added that he knew just who killed his hog; that he was certain it would be served on the table that night and that "he could recognize that hog cooked or alive." Capt, Webster told him that was all right, that he would go with him to the hall where the supper was served that night; that he could then identify his hog and have those arrested who had killed it as well as all who had caten any of the meat. The man intimated that a wholesale arrest would be made if that plan was carried out, but did not seem anxious to take his part in the raid. Capt. Webster's suspicions being aroused by the man's actions and by his having the heg's foot, said to him, "Now look here, didn't you's eal that heg from your wife's pen and sell it for the supper." The man laughed and saying, "Capt. Webster, some body has been giving you taff;" walked off and nothing more has been heard of that

THE STREE TUBULAR CAR CO .- It was THE STEEL TUBULAR CAR CO.—1t was stated in Thursday's GAZETTE that the charter of the Steel Tubular Car Company was filed in this city that day. The charter was also filed in Richmond yesterday. The State says:

"Mr. Post, one of the incorporators, was at the Capitol to-day. He said that the company is looking around for a place to company is looking around for a place to establish their works, which he saws will

establish their works, which he says will give employment to hundreds of men. He had a model of the 'indestructible car' with him, and says that the works will be estab-lished somewhere in Virginia. He does not now know exactly where, but he says wherever the best arrangements can be made there the works will be built. The Pennsylvania read has offered a site at Quantico, but Mr. Post says this place has not yet been definitely agreed upon."

Why not establish them in Alexandria?
